

AARP SMART DRIVER COURSE

HD6
HOSPITAL DISTRICT #6

The AARP Smart Driver course is the nation's first refresher course specifically designed for drivers age 50 and older. In many states, drivers may benefit from a discount on their auto insurance premium upon completing the course. And you will learn something new along the way. In fact, an evaluation of the course found that 97% of participants changed at least one driving habit as a result of what they learned.

Our Smart Driver course will help you:

- Receive a multi-year discount on your auto insurance. (check with your agent)
- Refresh your driving skills and your knowledge of the rules — and hazards — of the road.
- Reduce your chances of receiving a traffic violation or getting into an accident.
